P.C. 1975-566

11 March, 1975

WHEREAS the Minister of Transport reports that the Management of Canadian National Railways advise as follows:

That in 1970 the Canadian National constructed for Autoport Limited, which is equally owned by the Canadian National and the Province of Nova Scotia, a private industrial track at Eastern Passage, Nova Scotia, consisting of a lead track to the Autoport site of some 3,765 feet together with five sidings on the site having a total length of some 3,841 feet, the said lead track connecting with Canadian National's Dartmouth Subdivision at mile 16.60;

That the aforesaid trackage is increasingly being used for traffic other than that of Autoport Limited and Autoport has requested the Canadian National to take over as a Railway facility the main lead spur of some 3,765 feet with the track beyond this point, including the said five loading tracks, remaining part of the Autoport facility;

That the cost to the Railway for that portion of the trackage to be taken over as a Railway facility is \$89,259. covering right-of-way, and Canadian National feels the takeover will prove advantageous in allowing them to open up adjacent land to industrial development resulting in increased traffic and revenues for the Railway; and

That, accordingly, the Canadian National and Autoport Limited have entered into an Agreement dated December 19, 1974, copy of which is on record in the Department of Transport as number XL 25, the said Agreement containing such provisions as in the public interest are deemed advisable.

- 2 -

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Transport, pursuant to paragraph 23(3)(b) of the Canadian National Railways Act, is pleased hereby

- (1) to approve entry into the aforesaid agreement of December 19, 1974, between the Canadian National Railway Company and Autoport Limited, and
- (2) to designate Autoport Limited for the purposes of the said Agreement.

b - Hosting Grants to the Provinces and Territories
(Schedule "A"; A (5))

The conference recommended that the grant paid to the provinces and territories (\$25.00 per participant) as a contribution towards the reception and accommodation of visiting units, be more in line with the cost of hosting and, also, that the payment be made in a lump sum for each programme. This will avoid a possible refund of grant money from provinces when, in some instances, participants drop out of the programme at the last minute and expenditures for hosting have been already committed.

c - New Section

Further to an unfortunate incident last year involving a colored participant, the Nova Scotia's Commission on Human Rights has requested that the following statement be inserted in the provincial agreement:

"The Young Voyageur Programme, in whole or in part, during its entire planning and operational phases, must remain open to all, without any restriction on the basis of race, color, creed, cultural background or sex."

SCHEDULE "A"

GUIDELINES GOVERNING THE OPERATION
OF THE
FEDERAL-PROVINCIAL YOUNG VOYAGEUR PROGRAMME

This educational Travel and Exchange Programme for secondary school students is a joint venture of the Department of the Secretary of State, acting for the Federal Government and the ten Provincial Governments and two Territorial Administrations.

The students travel normally during the summer months in groups (called "units") of twenty accompanied by two escorts and spend one week, exclusive of travelling time, in a province or territory other than the one in which they live.

With a view to accentuating the educational character of the programme, as many units as the provinces are prepared to accept will partake in the exchange during the academic year. In 1975-76 some 5,450 students forming 227 units will participate in the Young Voyageur scheme: 192 units during the summer period and 35 units during the academic year. Each province receives a number of units equal to the number it sends out.

The Guidelines governing this programme are outlined in the Federal-Provincial Memorandum of Agreement a copy of which is attached. It is similar to the agreement that was in effect during the last eight years between the Federal Government and the Provinces.

The respective responsibilities of both parties in the administration of this programme are as follows:

A. THE FEDERAL GOVERNMENT SHALL:

1. manage the inter-provincial programme and co-ordinate the travel itineraries;
2. determine the maximum transportation cost per individual at the time of the yearly submission of the main estimates;

NOTE: Inter-provincial moves are made by air and rail travel using, in most cases, chartered carrier. Busses and trains are used where possible for short inter-provincial and intra-provincial travel. The formula for apportioning groups to the provinces and the guidelines used in determining the destination of groups are described in paragraphs B and C below.

3. arrange special transportation in cases of sickness or other emergency;
4. pay to the provinces \$75.00 per outgoing unit to assist in defraying incidental expenses encountered by units while in transit;
5. give to the provinces and territories for units engaged in the programme, a financial assistance to be determined yearly at the time of the submission of the main estimates, as a contribution towards the cost of the reception and accommodation of visiting units;
6. provide a one-to-three day visit to the National Capital Region for each unit passing through Ottawa including transportation for guided tours, and hospitality (meals, lodging, entertainment, etc.), average cost per participant not to exceed \$15.00 per day;
7. provide the provinces with a set of publications required for the promotion and efficient operation of the programme;
8. provide each participant with a travel bag, luggage stickers, identification badge and a maple leaf pin or other suitable Canadian souvenir symbol.

B. THE PROVINCIAL GOVERNMENTS AND TERRITORIAL ADMINISTRATIONS SHALL:

1. select the students and escorts who will participate in the programme according to the principles agreed upon at the annual Federal-Provincial meeting on Travel and Exchange;
2. determine the units to which individuals will belong, and assemble units at points of departure;
3. provide or arrange for insurance coverage for all participants;
4. brief all participating students on the nature and the goals of the programme and provide them with information regarding Canada and in particular the home province and the province to be visited;
5. brief all escorts on the responsibilities deemed by the province to be incumbent upon their function, and on the methods to be used to make best use of opportunities, during travel and at destination, to improve and enrich the educational experiences of the participants;
6. in co-operation with local communities, arrange for the reception of incoming groups, accommodation of escorts in hotels and billeting of visiting students in private homes with students of the same sex and approximate age

as the visitor;

7. offer a guest a minimum of two days (or a complete week-end) free of group activities, in order to encourage more intimate association between the host family and guest;
8. organize group activities consonant with the objectives of the programme during the remainder of the visitors' length of stay.

C. FORMULA FOR APPORTIONING GROUPS TO THE PROVINCES

The following formula was agreed upon at the October 1967 Federal-Provincial Meeting of Travel and Exchange Coordinators and amended by the same responsible officers at their 1973 meetings. It is based on the acceptance by all provinces that a distribution based strictly on population is not desirable.

1. Ontario and Quebec together will have 50% of the total units allotted in a given year;
2. N.W.T. - a minimum of two units;
3. Yukon Territory - a minimum of one unit;
4. Prince Edward Island - a minimum of four units;
5. the balance of the units in a given year to be allotted to the remaining provinces in numbers approximately equivalent to the ratio which each province's 14-17 years population is to the aggregate population of those provinces (same age range).

D. GUIDELINES USED IN DETERMINING UNIT MOVES AND DESTINATIONS

1. The total number of units any one province sends out are distributed among as many provinces as possible. i.e.: in 1971 Quebec's 46 units: 3 to Newfoundland, 3 to Nova Scotia, 2 to Prince Edward Island, 2 to New Brunswick, 12 to Ontario, 2 to Manitoba, 6 to Alberta, 6 to Saskatchewan and 10 to British Columbia.)
2. Looking at the country in terms of regions - Atlantic, Quebec, Ontario, Prairies, Pacific and the North - units always move from one region to another. (Ex: a Nova Scotia unit would not be sent to New Brunswick but to a province outside the Atlantic region.)
3. To assure cross-socio-economico-cultural dimensions, every effort is made to send groups from urban centres to rural areas, industrial to agricultural, mining to fishing, large to small, French-speaking to English-speaking, etc.
4. Repetition of the same community to community exchange.

WHEREAS the parties agree that a Federal-Provincial travel and exchange program is a desirable method of providing young Canadians with a valuable opportunity to meet, know and develop a closer understanding of other Canadians who live and work in regions of Canada other than their own and to introduce them to the geography of their country and to political, educational, cultural and artistic achievement of the people of other regions of Canada;

AND WHEREAS Canada and the Province have agreed to co-operate in the implementation of the Federal-Provincial Young Voyageur Programme;

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the premises and of the covenants and agreement herein contained, the parties covenant and agree with each other as follows:

1. Canada shall:

- (b) arrange a one to three day visit of the National Capital region for each unit passing through Ottawa and be responsible for all expenses of each such unit;

Vu le rapport du ministre des Transports exposant

Que le ministère des Transports requiert deux parcelles de terre du chemin Saint-François et que la municipalité de la Ville de Saint-Laurent a accepté de les transférer à la Couronne fédérale afin que le Ministère puisse fermer la route pour empêcher le public de pénétrer sans autorisation sur le domaine de l'aéroport. Les deux parcelles de terre, d'une superficie totale de 131,231 pieds carrés, sont décrites plus en détail aux annexes A et B ci-après;

Qu'en échange du transfert dudit bien, le ministère des Transports cédera par lettres patentes à la municipalité de la Ville de Saint-Laurent, un terrain d'une superficie de 445,806 pieds carrés décrit plus en détail à l'annexe C ci-après, qui fait partie des lots 144 et 145 du cadastre de la paroisse de Saint-Laurent;

Que le Ministère cherche depuis nombre d'années à effectuer ce transfert afin de décharger la Couronne de la responsabilité de l'entretien de ladite route qui serait ouverte au public. La municipalité se chargera de l'entretien général de ladite route, ce qui dégagera la Couronne de l'obligation d'affecter annuellement \$5,000 à cette fin;

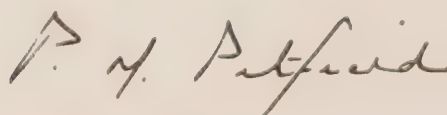

Qu'en plus dudit transfert, le Ministère cédera à la municipalité de la Ville de Saint-Laurent, aux fins de l'élargissement du chemin Saint-François, les terrains décrits aux annexes D, E et F ci-après, faisant partie des lots 145, 146, 163, 164, 166, 167, 168 et 169 du cadastre de la paroisse de Saint-Laurent;

Que les terrains qui seront échangés sont considérés comme étant d'égale valeur, ayant été évalués à \$42,000 chacun; et

Que les fonctionnaires compétents du Ministère ne s'opposent aucunement à l'échange proposé:

A ces causes, sur avis conforme du ministre des Transports et en vertu de l'alinéa 4(1)a) de la Loi sur les concessions de terres publiques, il plaît à Son Excellence le Gouverneur général en conseil d'autoriser par les présentes le transfert, par lettres patentes, sans frais, des parcelles de terre susmentionnées à la municipalité de la Ville de Saint-Laurent, en échange du droit de propriété valable en faveur de Sa Majesté du chef du Canada à l'égard d'un terrain d'une superficie de 131,231 pieds carrés obtenu de la municipalité de la Ville de Saint-Laurent, ledit échange effectué par l'entremise du ministère de la Justice devant être jugé satisfaisant.

BETWEEN: HER MAJESTY THE QUEEN in right of Canada,

 hereinafter called "the Grantor"

OF THE FIRST PART

AND

ALBERTA POWER LIMITED, a Corporation having its
Head Office at the City of Edmonton, in the
Province of Alberta, carrying on business in
the Province of Alberta and being a utility
company, hereinafter called "the Grantee".

OF THE SECOND PART

WITNESSETH:

WHEREAS the Grantor is the registered owner of an estate in
fee simple, subject however to such encumbrances, liens and interest as
are notified by memorandum underwritten, in all the certain tract or
tracts of land situated in the Province of Alberta, being composed of:

All of Lot Twenty-three (23), Block Sixteen (16),
shown on a Plan of Subdivision of part of the
Town of Fort McMurray, in the Province of Alberta,
Canada, of record in the Land Titles Office for
North Alberta Land Registration District as Number
616 A.O.

NOW THEREFORE, in consideration of the sum of One (\$1.00) Dollar
paid to the Grantor by the Grantee (the receipt whereof is hereby acknowledged),
and in consideration of the covenants and conditions hereinafter mentioned
to be kept and performed by ALBERTA POWER LIMITED, the Grantor shall issue
Letters Patent, GRANTING, CONVEYING and TRANSFERRING to the Grantee an
exclusive easement over, across, under and through that part of the said
premises, hereinafter called "the right-of-way", more particularly
described as follows:

All of that portion of Lot Twenty-three (23), Block Sixteen (16), shown on a Plan of Subdivision of part of the Town of Fort McMurray, in the Province of Alberta, Canada, of record in the Land Titles Office for North Alberta Land Registration District as Number 616 A.O., being the most northerly Ten (10) feet of the most westerly Ten (10) feet of said Lot,

for the purpose of putting down, taking up, relaying, connecting, disconnecting, erecting, repairing, maintaining and operating a switching cubicle and an electrical distribution line or lines together with the appurtenances incidental thereto, including the trimming and removal of all parts of trees interfering with the proper erection, installation, maintenance and operation thereof, on the following terms and conditions:

The said right, license, liberty, privilege and easement, shall be for as long a period as the Grantee, its successors and assigns desires and continues to operate the electrical distribution line or lines over, across, under or through the right-of-way.

Upon the execution of these presents and at all times hereafter, the Grantee or any person, firm or corporation acting on its behalf may enter upon and occupy the right-of-way with its agents, servants, workmen, and contractors, and with or without horses, wagons, vehicles, machinery and equipment, for the purpose aforesaid.

The Grantor gives the Grantee a right of access to the said right-of-way for the purpose aforesaid, across the remainder of any lot against which this easement is registered, provided that the Grantee pays reasonable compensation to the then owner of such property for any damage occasioned thereby.

The Grantor agrees that the switching cubicle and any electrical distribution lines to be constructed, installed and maintained over, across, under or through the said right-of-way by the Grantee shall remain chattels and, notwithstanding any rule of law to the contrary, shall remain the sole and exclusive property of the Grantee.

The Grantor will not erect any buildings or structures upon, over or under the right-of-way without consent of the Grantee.

The Grantor agrees that the Grantee performing and observing the covenants and conditions herein contained shall peaceably hold and enjoy all the rights, privileges, liberties and covenants hereby granted without any hindrance and interruptions from the Grantor or any person or persons claiming by, through, under or in trust for them or any person or persons whomsoever.

The Grantee shall take all possible care to avoid unnecessary damage to trees, shrubs, plants, flower beds or lawns located within the right-of-way.

The Grantee shall not assign or sublet the rights hereby granted without the written consent of the Grantor and such consent by the Grantor will not be unreasonably withheld.

The Grantee will at all times hereafter indemnify and keep the Grantor indemnified against all actions, claims and demands that may be lawfully brought or made against the Grantor by reason of anything done by the Grantee, its tenants, servants, workmen, employees or licensees, in the exercise or purported exercise of the rights, licenses, liberties, privileges and easement hereby granted.

The Grantee will erect, install and construct the switching cubicle and any electrical distribution lines in a proper and workmanlike manner and so as to do as little damage as possible to the right-of-way, and will where practicable level off the right-of-way after using the same.

The Grantee agrees that it will not fence the right-of-way excepting those portions thereof which the Grantee deems to require for its purposes the protection of fencing. If at any time hereafter it shall be necessary for the Grantee, or any person, firm or corporation acting on its behalf, to move fences on the right-of-way for the purposes of installing or repairing electrical distribution lines or otherwise, it will replace the said fences in the same position and in as good condition as the same were in prior to their being moved.

The Grantee agrees that it will make compensation to the Grantor for any and all damage that may be done to any buildings, fences or other structures belonging to the Grantor and arising out of or by reason of, or in the course of construction, maintenance, operation and/or repair of the switching cubicle or any electrical distribution line placed on the said right-of-way.

The Grantor and Grantee mutually covenant and agree with each other:

(a) That this agreement shall enure to the benefit of and shall be binding upon the respective heirs, executors, administrators, successors and assigns of the parties hereto.

(b) That wherever the singular or the masculine pronouns are used throughout this agreement, the same shall be construed as meaning the plural, the feminine, or the neuter, where the context or the parties hereto so require.

(c) That this agreement and the covenants herein contained are and shall be covenants running with the land.

(ii) Subject to this agreement, A.E.C.L. agrees to make the initial payment on the completion date as set out herein.

Provided further, however, that in the event that any payment is not made on or before the date specified for such payment, then interest, calculated upon the amount of that payment, at a rate being the average of the rates charged, on the date so specified, by Canadian chartered banks to preferred Canadian customers, plus one percent (1%) per

annum, shall accrue and be paid in respect of the period from that date so specified to the actual payment date.

(iv) Subject to this agreement, A.E.C.L. agrees to make the payment contemplated by paragraph 18 hereof.

3. On the completion date, C.G.E. shall grant and convey to A.E.C.L. valid title in fee simple to the plant, by deed or deeds of land, in the form shown in Schedule "B" hereto, free and clear of all encumbrances, including, without limiting the generality of the foregoing, liens for municipal taxes and local improvements, or charges in lieu thereof, saving and excepting the encumbrances described therein and the matters mentioned in paragraph 24 (provided, subject to paragraph 32 hereof, that the obligations of C.G.E., as in that paragraph set out, have been fulfilled on or before the completion date). The consideration to be shown in said deed or deeds shall be One Dollar (\$1.00) and other valuable consideration.

4. It is understood and agreed that the equipment referred to in Schedule "C" hereto shall be subject to the exigencies of

the normal day-to-day operation of the plant and equipment by C.G.E., which C.G.E. hereby covenants to maintain in accordance with its normal procedures, between the date hereof and the completion date. Between the date hereof and the completion date, C.G.E. shall not, except for repair, maintenance, operation and servicing of the plant and equipment, use or otherwise dispose of the equipment referred to in Schedule "C" hereto, without the written consent of A.E.C.L. first had and obtained. It is further agreed and understood that should it be determined by A.E.C.L. subsequent to the completion date that C.G.E. had used or otherwise disposed of any of the said equipment otherwise than in accordance with the foregoing provisions, between the date hereof and the completion date, then C.G.E. shall forthwith upon being so advised by A.E.C.L. reimburse A.E.C.L. the value of the equipment so used or otherwise disposed of by C.G.E.

5. C.G.E. warrants and represents to A.E.C.L. that it owns valid title to and has valid possession of the plant and equipment free and clear of all encumbrance and charge of any kind, save as may be specifically set forth herein.

6. Notwithstanding the fact that the amounts to be paid to C.G.E. by A.E.C.L. shall include payments

extending over a period of years following the completion date, after that date C.G.E. shall have no vendor's lien or any right, title or interest in respect of the plant and equipment, save as mentioned in paragraphs 13 and 22 hereof, and A.E.C.L. shall have the right to deal in any way with the same as in its unfettered discretion it may deem fit, it being understood and agreed that C.G.E. shall rely solely upon the covenants of A.E.C.L. herein contained for the enforcements of A.E.C.L.'s obligations hereunder; provided always that when the deeds, bills of sale and other documents are executed, delivered and, if applicable, registered, the covenants, warranties and representations contained in this agreement shall be deemed not to have merged, but shall remain in full force and effect so far as the circumstances permit.

7.(1) Subject to the provisions of paragraph 18 hereof, C.G.E. warrants and represents to A.E.C.L. that since the 10th day of October, 1974, it has maintained and operated the plant and equipment in a manner normal to C.G.E.'s maintenance and operation of the same.

7.(2) C.G.E. shall, so far as practicable, maintain the plant and equipment in their present state of repair and preservation to and including the completion date and shall,

so far as it lies reasonably within its power, continue to manage, operate and maintain the plant and equipment as it has in the past so that on the completion date the value of the plant and equipment to be conveyed and delivered pursuant hereto shall not be diminished by any neglect of C.G.E.

7.(3) It is agreed and understood that C.G.E. shall, until the completion date, maintain all inventories of supplies, raw materials and spare parts at a level normal to its operation of the plant and equipment and shall place orders therefor, accept deliveries thereof and pay invoices therefor in accordance with its normal procedures for ordering, accepting and paying for such supplies, raw materials and spare parts. It is further agreed and understood that after the completion date, A.E.C.L. shall accept deliveries of and be responsible for all supplies, raw materials and spare parts ordered by C.G.E. prior to the completion date in accordance with the foregoing provisions and undelivered as of the completion date and shall be responsible for and pay all invoices therefor in accordance with their respective terms. With respect to raw materials and spare parts (for greater certainty, not being plant capital equipment referred to

in paragraph 18 hereof or materials referred to in paragraph 30 hereof) ordered by C.G.E. in accordance with the foregoing provisions and delivered to the plant within the thirty-day period next preceding the completion date, if not less than fifty per cent of the delivered quantity of those raw materials and spare parts are unused as of the completion date, as found by A.E.C.L., then A.E.C.L. will pay those invoices.

8. Until the completion date, all plant and equipment shall be and remain at the risk of C.G.E. and C.G.E. shall hold all insurance policies covering the same and the proceeds thereof in trust for the parties hereto. Between the date hereof and the completion date, C.G.E. shall maintain and be responsible for insurance coverage covering risk of loss or damage to the plant and equipment in accordance with C.G.E.'s normal practice with respect to the plant and equipment, and after the said plant and equipment are conveyed or delivered to A.E.C.L., will terminate all insurance in respect thereof. C.G.E. shall notify A.E.C.L. forthwith upon request of the particulars of insurance on the said plant and equipment and of C.G.E.'s normal practice in respect thereto. In the event of damage to the plant or equipment on or before the completion date A.E.C.L. at its option may either have the proceeds of

the insurance policies and complete the purchase in accordance with these presents, or may cancel this agreement and have no further obligation to C.G.E. provided, however, that it is agreed that before exercising its said right to cancel A.E.C.L. will negotiate with C.G.E. to attempt to reach agreement regarding repair of the plant and completion of this transaction as contemplated at the date hereof.

9. On or before the completion date C.G.E. shall have complied with all of the applicable provisions of the Bulk Sales Act of the Province of Nova Scotia unless, prior to that date, that law shall not apply in respect of the sale of the real and personal property hereby contemplated.

10. C.G.E. warrants and represents to A.E.C.L. that the plant and equipment and their usage at the date hereof complies with the provisions of Atomic Energy Control Board Operating Licence No. 2/74.

11. After delivery of all deeds, bills of sale, assignments, and other documents and equipment to be delivered to A.E.C.L. pursuant to this agreement and after A.E.C.L. has been let into possession of the plant, pursuant to this agreement, A.E.C.L. will forthwith apply for registration of the said deeds pursuant to the provisions of the

Registry Act, R.S.N.S. 1967, c. 265, as amended, and forthwith upon acceptance of the same for registration by the Registrar of Deeds for Richmond County, Nova Scotia, A.E.C.L. shall, subject to paragraphs 8 and 12 hereof, pay to C.G.E. by cheque the initial payment and thereafter make the payments referred to in subparagraph 2. (iii) as therein set out.

12. Notwithstanding anything contained in this agreement, it is a condition precedent to A.E.C.L.'s obligation to complete this transaction of purchase and sale and to pay any amount hereunder that the conditions set out herein to be performed by C.G.E. be fulfilled and completed by C.G.E. in accordance with the provisions therefor in this agreement set forth.

13. (1) In this paragraph, the following terms shall have the following respective meanings:

(a) "Heavy Water Process" shall mean the process for producing high purity deuterium oxide utilizing bithermal isotopic exchange between water and hydrogen sulphide followed by water distillation, as carried out at the plant on the completion date;

(b) "C.G.E. Know-How" shall mean recorded information of a technical nature which is in the possession or under the

control of C.G.E. and which is the property of C.G.E., and which relates in any way to the Heavy Water Process, and includes, without limitation, drawings, flowcharts, blueprints, technical reports, laboratory notebooks, operating records, process description and engineering models and all written, printed or drawn materials relating to the design construction, commissioning, maintenance and operation of the plant and equipment;

Patents" shall include all patents or utility model registrations issued by, and all applications for patent or utility model registration filed in, all other countries, which patents and applications are owned or controlled by C.G.E. which relate primarily to a process for producing heavy water or any apparatus primarily designed for use in producing heavy water. Notwithstanding the foregoing, C.G.E. patents shall not mean or include any patent or patent application which relates primarily to an ultrasonic cross-correlation flow measuring system for

use in measuring liquid flows in GS heavy water production plants. Without limiting the generality of the foregoing, C.G.E. Patents include those itemized in Schedule "D" hereto, and C.G.E. warrants that it is the owner of all right, title and interest to the patents, patent applications, industrial design applications and industrial design registrations in Schedule "D";

Inventions" shall mean all inventions owned or controlled by C.G.E. which relate primarily to processes for producing heavy water or apparatus primarily designed for use in producing heavy water which were conceived in C.G.E. prior to the date of this agreement or to which C.G.E. obtained rights prior to the date of this agreement. Notwithstanding the foregoing C.G.E. Inventions shall not mean or include any invention which relates primarily to an ultrasonic cross-correlation flow measuring system for use in measuring liquid flows in GS heavy water production plants. 13.(2) (a) C.G.E. agrees to assign and does hereby assign to A.E.C.L. as of the completion date, its entire right, title and interest to C.G.E. Patents and C.G.E. Inventions. C.G.E. warrants that all C.G.E. Patents and C.G.E. Inventions owned or controlled by it as of the date hereof will be owned or controlled by it on the completion date.

Patents or C.G.E. Inventions shall become the property of A.E.C.L. as of the completion date. Promptly after the completion date, C.G.E. will deliver to A.E.C.L. all C.G.E. Patents and all patent records in the possession of C.G.E. containing or pertaining primarily to C.G.E. Patents and C.G.E. Inventions.

Inventions, except that it will make reasonable efforts to secure consultations, assistance and signature of necessary documents (prepared by and at the expense of A.E.C.L.) by inventors of C.G.E. Inventions who remain employees of C.G.E.

(d) In support of the assignment of C.G.E. Inventions made hereunder, C.G.E. makes corresponding assignments to A.E.C.L. of its rights and remedies against the inventors thereof and each of them, relating so such C.G.E. (e) With respect to the C.G.E. Patents and C.G.E. Inventions assigned hereunder, A.E.C.L. shall bear all responsibility and expense for preparing and recording any instrument of assignment or transfer and any fee charged or tax levied thereon or as a condition thereof. All maintenance costs for pending applications and patents and all prosecution costs for pending patent applications shall be borne by A.E.C.L. from and after the completion

date. C.G.E., at its expense, will co-operate with A.E.C.L. in the execution of all necessary instruments of assignment and related documents (to be prepared by or for A.E.C.L. at its expense), and will perform all necessary acts for the execution and delivery to A.E.C.L. of such instruments and documents to enable A.E.C.L. to perfect its legal rights thereto.

(f) A.E.C.L. agrees to grant, and does hereby grant to C.G.E. and to the General Electric Company, a paid-up irrevocable and non-exclusive licence under C.G.E. Patents and C.G.E. Inventions to practice the inventions covered thereby. The licences granted by this subparagraph shall not be assignable.

(g) The licences granted and agreed to be granted in clause (f) above shall include the right to grant sub-licences of the same scope (except as hereinafter set out) to Affiliated Organizations of the party to whom such licences are granted. The sub-licences granted to Affiliated Organizations shall contain a specific prohibition against the grant of sub-licences by such Affiliated Organizations.

(h) Except as hereinafter provided, no warranty or representation is hereby given or implied with respect to the validity of any patent, or that the invention of any patent

or patent application assigned or licenced hereunder, or that any assigned invention, or that any information in any documents delivered to or placed at the disposal of A.E.C.L., is or can be free and clear of any claim for compensation, based on patents or otherwise, of anyone other than C.G.E. or an Affiliated Organization. No obligation is hereby assumed by either party to maintain, prosecute, enforce or litigate, file, assert or defend any patent or application for patent within the scope of this agreement.

Patents which are payable on or before the completion date, have been paid. C.G.E. further warrants that there are no unpaid fees or charges due by it to any patent agent, attorney, or other person, which could give rise to a lien or similar encumbrance against any of the C.G.E. Patents, and that there will be no such unpaid fees or charges at the completion date.

(j) C.G.E. warrants that no licence has been accorded by it or its predecessors in title, or by any other person having authority by reason of contractual arrangements with C.G.E. to grant licences to any of the C.G.E. Patents or

C.G.E. Inventions except as specifically set forth in subparagraph (4) hereof, and C.G.E. warrants that, except as set out in subparagraph (4) hereof, and except to A.E.C.L., there are no existing rights of any other person in any C.G.E. Patent or C.G.E. Invention.

13. (3) (a) C.G.E. will deliver to A.E.C.L. as of the completion date all copies of C.G.E. Know-How in the possession or control of C.G.E. as of the completion date. C.G.E. agrees to retain in its possession or under its control until the completion date all copies of C.G.E. Know-How in its possession or under its control at the date hereof.

(b) C.G.E. further agrees to transfer and does hereby transfer to A.E.C.L. all its right, title and interest, including any and all rights which C.G.E. has acquired or may acquire by way of copyrights or trade secrets under the laws of Canada and all other countries, in all C.G.E. Know-How, subject to a non-exclusive, royalty-free, irrevocable licence to C.G.E., the General Electric Company and their respective Affiliated Organizations, to use such C.G.E. Know-How in connection with their businesses.

(c) C.G.E. warrants that, except as specifically set forth in subparagraph 13. (4), there are no existing rights of any other person in any C. G. E. Know-How.

13. (4) A. E. C. L. has been informed of an agreement between C. G. E. and The Lummus Company Canada Limited (hereinafter called "L. C. C. L. ") dated the 22nd day of May, 1968, a copy of which is annexed as Schedule "E" hereto and is hereinafter referred to as the "Construction Agreement". A. E. C. L. has also been informed of an agreement between C.G.E. and The Lummus Company, dated the 23rd day of July, 1970, a copy of which is annexed as Schedule "F" hereto and is hereinafter referred to as the "Process Agreement". It shall be a condition precedent to the completion of the transaction hereby contemplated that on the completion date C.G.E. shall deliver to A.E.C.L. duly executed originals or copies certified by counsel for C.G.E. to be true copies thereof, of termination agreements with respect to the Process Agreement and the Construction Agreement, respectively, in the form annexed as Schedule "M" hereto. C.G.E. covenants that it will indemnify and save harmless A.E.C.L. against all claims and demands of any nature or kind, howsoever arising, which may be made by the Lummus Company, L.C.C.L. or any subsidiary of either by reason of the Construction Agreement or the Process Agreement. In the event that A.E.C.L. shall be enjoined from making use of or licensing others under any C.G.E. Patents, C.G.E. Inventions or C.G.E. Know-How by reason of any action taken by the Lummus Company, L. C. C. L.

or any subsidiary of either, then C.G.E. covenants to take all reasonable steps to obtain A.E.C.L. the right to make use of and licence such C.G.E. Patents, C.G.E. Inventions and C.G.E. Know-How, and C.G.E. covenants to indemnify and save harmless A.E.C.L. from any damage which it may suffer by reason of such inability to make use of or licence such C.G.E. Patents, C.G.E. Inventions or C.G.E. Know-How.

13. (5) C.G.E. covenants not to commence nor continue (except as against A.E.C.L. pursuant to A.E.C.L.'s obligations in this agreement contained), after the completion date hereof, without the written authorization of A.E.C.L., any legal action against any person, claiming damages, accounting of profits, or other relief for the infringement of any C.G.E. Patents or for the improper use or disclosure of any C.G.E. Know-How, irrespective of whether such infringement or improper use disclosed is alleged to have occurred before or after the completion date.

14. (1) It is understood by C.G.E. and A.E.C.L. that:

(a) C.G.E. and A.E.C.L. wish to provide for the transfer of present employees of C.G.E. at the plant to positions within A.E.C.L. and to provide continuity of employment wherever possible for such persons;

(b) subject to subparagraph (a) hereof, the present employees of C.G.E. at the plant shall, with their consent, be assigned by A.E.C.L. to positions within A.E.C.L. at the

same or substantially the same wages or salaries that they now receive (or as may be otherwise agreed with those employees), and A.E.C.L. shall prior to the completion date (but subject to the completion of the transaction hereby contemplated) make to such employees an offer of employment;

(c) unused vacation and sick leave earned by a present employee of C.G.E. at the plant prior to seven-thirty o'clock and who is assigned and accepts a position within A.E.C.L. shall be recognized and credited by A.E.C.L.

14.(2) All expenses relating to personnel employed at the plant and their employment including, without limiting the generality of the foregoing, salaries, wages, health insurance, unemployment insurance, deductible union dues, workmen's compensation and matters relating to pensions until seven-thirty o'clock shall be for the account of and be paid by C.G.E. and C.G.E. covenants and agrees to be responsible for and to indemnify and save harmless A.E.C.L., in respect of the expenses aforesaid arising directly or indirectly out of or occasioned by C.G.E.'s employment or termination of employment of each, any or all of its employees at the plant and which is not attributable, directly or indirectly, to any act or omission of A.E.C.L.

14.(3) It shall be a condition precedent to the completion of the transaction hereby contemplated that C.G.E.'s employees who, prior to the completion date, have accepted offers of employment with A.E.C.L., are engaged upon the normal operation, maintenance or repair of the plant and equipment on the completion date.

15.(1) C.G.E. covenants to be responsible for, and to indemnify and save harmless A.E.C.L. against all claims and demands of any nature or kind including, without limiting the generality of the foregoing, legal costs, made or to be made by Nova Scotia Power Corporation in respect of steam and electricity supplied to the plant and to be supplied thereto to seven-thirty o'clock and, without limiting the generality of the foregoing, to provide to A.E.C.L. on or before the completion date a duly executed copy of a General Release of All Demands from the said Nova Scotia Power Corporation with respect thereto, substantially similar in form to that annexed as Schedule "G" hereto; provided that A.E.C.L. notifies C.G.E. promptly of any such claim or demand, permits and authorizes C.G.E. to defend any such claims or demand and provides C.G.E., at C.G.E.'s expense, with such assistance as C.G.E. may reasonably require in any defence thereof.

15.(2) C.G.E. shall pay to Nova Scotia Power Corporation and be responsible for all moneys owing to that Corporation in respect of steam and electricity supplied to the plant by the Corporation prior to seven-thirty o'clock.

15.(3) C.G.E. shall pay to the Province of Nova Scotia and be responsible for all moneys owing to the Province in respect of water supplied to the plant by the Province prior to seven-thirty o'clock.

15.(4) C.G.E. warrants and represents to A.E.C.L. that at the date hereof there has been no claim asserted by Nova Scotia Power Corporation against C.G.E. or the plant or equipment in respect of alleged or actual losses incurred by that Corporation in the supply of steam and electricity to the plant prior to the date hereof, except those claims which will be released by the General Release of All Demands referred to in subparagraph (1) hereof.

16.(1) All Heavy Water stored in full containers at the plant at seven-thirty o'clock to which title has not passed to A.E.C.L. in accordance with the 1966 agreement, shall belong to C.G.E. and the ownership of all Heavy Water in process of manufacture in the plant at that time shall belong to A.E.C.L.; and for the purpose of determining the amount of Heavy Water so belonging to C.G.E., C.G.E. and A.E.C.L. shall

each appoint their respective representatives who shall jointly certify in writing to the parties hereto, in the form set out in Schedule "H" annexed hereto, the quantity of that Heavy Water at that time at the plant which certificate shall be binding upon the parties for the purposes of this agreement.

16.(2) Upon certification of the quantity of Heavy Water as aforesaid, the title thereto, and the ownership therein shall pass to A.E.C.L. which shall thereupon and thereafter bear and be responsible for all risks in connection with that Heavy Water.

16.(3) Within twenty (20) days after the completion date, A.E.C.L. shall pay to C.G.E. the price of the Heavy Water referred to in subparagraph (2) hereof which shall be calculated at the rate of NINETEEN DOLLARS AND TWENTY-FIVE CENTS (\$19.25) per pound.

17. Forthwith upon the certification mentioned in subparagraph 16.(1) hereof, all of the provisions of the 1966 Agreement, save and except with respect to the licence mentioned in clause 2 thereof, shall terminate and be of no force and effect, provided that the conditions set out herein to be performed and observed by C.G.E. have been fulfilled and completed by C.G.E. on or before seven-thirty o'clock; provided further, however, that upon such termination each party hereto shall release and shall be deemed to have

released the other from all claims and demands which might be made by it and arising out of the 1966 Agreement, save and except with respect to the licence as aforementioned, and further, to have agreed to be responsible for, and to indemnify and save harmless the other against, all third-party claims and demands arising out of the performance, non-performance, observance or non-observance of its covenants in the 1966 Agreement contained. It is agreed and understood that the provisions of this paragraph shall not be deemed to release A.E.C.L. from its obligations to pay C.G.E. for Heavy Water produced by C.G.E. prior to seven-thirty o'clock in accordance with the provisions of subparagraph 16. (3) hereof or the Heavy Water invoiced to A.E.C.L. by C.G.E. pursuant to the 1966 Agreement.

18. (1) In this paragraph, "plant capital equipment" means the equipment embodied in the capital improvement projects, which, together with the estimated cost thereof, are listed in Schedule "I" hereto and for which the prior written approval of A.E.C.L. has been obtained by C.G.E.

18. (2) A.E.C.L. shall pay to C.G.E. on receipt of an account therefor after the completion date all amounts paid by C.G.E. prior to the completion date for plant capital equipment, including related installation costs, for such equipment ordered and paid for by C.G.E. after the 10th day of October, 1974. Evidence of payment by C.G.E. for such plant capital equipment shall be provided to A.E.C.L. in a

form and substance satisfactory to A.E.C.L.

18. (3) Provided that the transaction of sale and purchase contemplated by these presents has been completed by the certification mentioned in subparagraph 16. (1) hereof, C.G.E. shall be deemed to have assigned and transferred to A.E.C.L. by this agreement the benefit of all contracts and warranties in respect of all improvements of any kind made to the lands described in Schedule "B" hereto and of all equipment in or at the plant, so far as the same may be assignable or transferrable, including, without limiting the generality of the foregoing, all contracts and warranties in respect of the plant capital equipment referred to in this paragraph.

19. With respect to the contracts itemized in Schedule "J" hereto, hereinafter referred to as the "service contracts", it is agreed that it is the intent of the parties hereto to terminate, so far as may be practicable, the service contracts as of the completion date, as between C.G.E. and the various parties thereto, and to offer to such parties so far as may be practicable, in substitution therefor, service contracts commencing on the completion date, between A.E.C.L. and such various parties, on terms and conditions substantially

similar to those in effect on the date hereof in such service contracts. Notwithstanding the foregoing, C.G.E. covenants and agrees to be responsible for and to indemnify and save harmless A.E.C.L. from and against all claims and demands of any nature or kind made or to be made by any of the various parties to the service contracts in respect of services supplied to C.G.E. at or for the plant prior to seven-thirty o'clock.

20. Subject to the other provisions of this agreement, it is understood and agreed that on delivery of the deed and bill of sale, as herein set forth, all risk of loss or damage to the plant and equipment and all third-party liability in respect of occurrences or events in relation thereto happening after that time shall be and be deemed to be assumed by A.E.C.L. and A.E.C.L. shall indemnify and save harmless C.G.E. from and against all claims and demands of any nature or kind made in respect of occurrences or events in relation thereto happening after that time.

21.(1) It is agreed that there are no warranties or representations, either express or implied or statutory, by C.G.E. with respect to the design, condition, output

capability or suitability for purpose, of the plant and equipment unless otherwise expressly provided herein.

21. (2) All covenants, warranties and representations contained in deeds, bills of sale and other documents to be given pursuant to this agreement shall be deemed to be in addition to those contained herein rather than in substitution therefor, and when the said deeds, bills of sale and other documents are executed, delivered and registered the covenants, warranties and representations contained in this agreement shall not be deemed to have merged but shall remain in full force and effect so far as the circumstances permit.

22. Both before and after the completion date, and for so long as may be required, the parties hereto, by their authorized representatives, shall be permitted full access to the plant and equipment, the operating staff of the same, and to all records in respect thereof for the purpose of pursuing the interest of the party hereto in any litigation or settlement thereof currently in progress or which may arise with respect to the plant and equipment or the construction or operation thereof, or for any other purpose which the parties may reasonably require in respect of their rights and obligations

hereunder or the implementation of the intention of this agreement; provided, however, that A.E.C.L. shall not be obligated to keep or preserve any of said records after the expiry of six (6) years after the completion date unless C.G.E. shall have in writing requested A.E.C.L. to keep and preserve a particular record, in which case A.E.C.L. shall so keep and preserve such record in accordance with such request and the cost of so keeping and preserving that record shall be paid to A.E.C.L. by C.G.E.; provided further, that at any applicable time following the completion date, A.E.C.L. shall not be responsible for any loss or damage accruing to C.G.E. or to any person or corporation as a result of damage to or destruction of said records for reasons beyond the reasonable control of A.E.C.L.

23. C.G.E. warrants and represents to A.E.C.L. that it has paid to the Province of Nova Scotia all taxes accruing due and payable by C.G.E., pursuant to Statutes of Nova Scotia 1969, c. 4, to and including the 31st day of December, 1974, that no part of the plant is used as living accommodation, as in that statute mentioned, and that on the 2nd day of January, 1975, the capacity of the plant did not exceed 500 tons per year. It is agreed that, with respect to such

taxes accruing due for the calendar year 1975, C.G.E. shall pay to A.E.C.L. on the completion date that proportion of the 1975 taxes thereunder attributable to C.G.E. ownership and occupancy thereof prior to and including the completion date and A.E.C.L. hereby agrees and undertakes to be responsible for the payment of the same on behalf of C.G.E. as and when the same becomes due and payable to the Province of Nova Scotia.

24.(1) C.G.E. warrants and represents to A.E.C.L., with respect to the railway siding of the Canadian National Railway Company running to and servicing the plant,

are and will be the only agreements at the date hereof and
on the completion date in force and effect, that on the
completion date all moneys due or payable thereunder have
been paid and that there will, on the completion date, be
no unsatisfied claim or demand, either by a party to the
aforesaid agreements or by any person whomsoever in respect
of said railway siding, outstanding.

(2) C.G.E., on or before the completion date, shall produce to A.E.C.L. properly executed acknowledgements, in form satisfactory to A.E.C.L. and addressed to A.E.C.L., by Nova Scotia Pulp Limited, Nova Scotia Power Corporation and Canadian National Railway Company, respectively, that the applicable agreement or agreements mentioned in subparagraph (1) of this paragraph is or are in good standing, that all moneys due or payable thereunder have been paid and that there are no claims or demands of any kind by that party outstanding in respect of that agreement or agreements or the said railway siding and that there is no agreement in force in respect thereto other than those mentioned in this paragraph and, in addition,

(b) Nova Scotia Power Corporation shall have acknowledged to A.E.C.L. that the cost sharing, mentioned in paragraph 4 of the

agreement referred to in subparagraph 1

as being upon an equal basis, and

(c) the Province of Nova Scotia shall have
granted to A.E.C.L. a licence, in form
and substance satisfactory to A.E.C.L.,
terminable upon not less than one year's
notice, permitting said railway siding
to continue to cross the lands owned
or controlled by the Province immediately
adjacent to the plant.

24.(3) The agreements referred to in subparagraph (1) of
this paragraph shall be assigned on the completion date to
A.E.C.L. by C.G.E. in the form set forth in Schedule "K"
hereto, but the covenants in this paragraph contained shall
not be deemed to have merged in said assignments.

24.(4) Notwithstanding anything in this paragraph contained,
C.G.E. covenants to be responsible for, and to indemnify
and save harmless A.E.C.L. against all claims, demands and
costs of any nature or kind, howsoever arising, made or
to be made or arising out of the agreements mentioned in
subparagraph (1) hereof or of C.G.E.'s use of said railway
siding.

25. It shall be a condition precedent to A.E.C.L.'s obligation to complete the transaction by this agreement contemplated that A.E.C.L. shall have received from counsel for C.G.E. a favourable legal opinion that

(a) this agreement has been duly authorized by all requisite corporate action of C.G.E. and is valid and binding upon C.G.E. and does not violate any instrument or agreement which is known to counsel and to which C.G.E. or A.E.C.L. is a party or by which either of them is otherwise bound, and is enforceable against C.G.E. in accordance with the provisions of this agreement;

(b) C.G.E. is a corporation duly incorporated, organized and existing and in good standing under the laws of Canada, and is qualified and in good standing under the laws of Nova Scotia, and,

(c) upon delivery and registration of the documents referred to in paragraphs 3 and 4 hereof, a good and marketable title to the plant and equipment, free of all encumbrances except those set out in this agreement and the Schedules, shall vest in A.E.C.L.

26. A.E.C.L. shall be responsible for the preparation of all deeds, bills of sale and other documents of transfer to be executed and delivered pursuant to this agreement.

27. C.G.E. shall, at the request of A.E.C.L., on or after the completion date, and at A.E.C.L.'s expense, execute such further assurances by way of conveyances, transfers, assignments, bills of sale or such other documents as in the opinion of A.E.C.L. are necessary more effectively to carry out the purpose and intent of this agreement.

28. A.E.C.L. shall be responsible for and pay all applicable sales, use, transfer and similar or like taxes, charges, levies or assessments, whether Federal, Provincial or Municipal, arising out of the purchase and sale contemplated in this agreement.

It is further agreed and understood that upon completion of the maintenance shut-down and plant turn-around as aforesaid C.G.E. shall, upon submission by A.E.C.L. of properly supported records therefor, pay to A.E.C.L. fifty (50) percent of the reasonable and proper cost of repairs necessary for the third stage tower as of the date hereof, provided however that such cost shall not include any allowance or expense in respect of or the cost or value of lost production during the period of any shut-down for the purpose of carrying out such repairs.

31. C.G.E. warrants and represents to A.E.C.L. that all documents required by this agreement to be executed or produced by C.G.E. in favour of or to A.E.C.L. on or before the completion date shall be effective in law to implement their purport and, without limiting the generality of the foregoing, that the General Release of All Demands, referred to in Schedule "G" hereto, shall discharge all liability of C.G.E. and the plant and equipment in respect of claims and demands of any

nature or kind made or to be made by Nova Scotia Power Corporation.

32. While it is the intention of the parties hereto that, so far as may be practicable, C.G.E. shall fulfill all of the conditions and requirements mentioned in subparagraph (2) of paragraph 24 and in paragraph 33 hereof on or before the completion date, nevertheless for the purpose of facilitating the completion of the transaction hereby contemplated, A.E.C.L. may, on the completion date, waive C.G.E.'s fulfillment at that time of those conditions and requirements, upon delivery to A.E.C.L. on the completion date of a written undertaking by C.G.E.'s counsel that the same shall be fulfilled forthwith.

33. On or before the completion date, C.G.E. shall produce or cause to be produced to A.E.C.L. a licence, in form and substance satisfactory to A.E.C.L., from the Province of Nova Scotia, permitting road access to the plant over lands owned or controlled by the Province immediately adjacent to the plant.

37. This agreement shall be binding upon the parties hereto, their successors and permitted assignees but, except in respect to payments hereunder, no assignment hereof by either party hereto may be made without the written consent of the other first had and obtained.

38. No member of Parliament shall be admitted to any share or part of this agreement or to any benefit to arise herefrom.

39. This agreement shall be deemed to have been made in the Province of Nova Scotia and all questions arising hereunder shall be determined and construed in accordance with such laws of Nova Scotia and Canada as may be applicable.
